

Activity Sheet: Parts of an Airplane

Below is a drawing of a bushplane called the deHavilland Beaver. The Canadian Bushplane Heritage Centre has a real Beaver aircraft "docked" at the fire camp display in the hangar.

Here's your challenge...

"Name that part!" Fill in as many of the blanks as you already know. Then, use the word bank at the bottom of this page and try to fill in the rest.

Propeller	Fuselage	Horizontal Stabilizer	Aileron
Float	Flap	Engine	Engine Cowling
Wing	Wing Strut	Pitot Tube	Float Spreader Bar
Elevator	Water Rudder	Cockpit	Rudder
